## **Interviews and Resumes – Secrets from the Pros!**

The AIPG California Section invites all AIPG members nation-wide, including students to participate with us on a first-ever free conference call event to answer the difficult questions about successful interviewing and resume preparation. We have assembled two seasoned pros, Steven Baker and Rob Campbell, both AIPG California Section Mentors, who will moderate the event. Please send your interview and resume questions or comments by email to:

Steve Baker [stevebaker@operationunite.co](mailto:stevebaker@operationunite.co) Rob Campbell [rcampbell@geosolve-inc.com](mailto:rcampbell@geosolve-inc.com)

For those submitting questions who want to make comments or have a discussion at the time your question is being discussed, please join in on the conversation.

Besides Mike Miller (president of the mine, in white jacket), Ronit Zavodivker (student, in yellow jacket), and visiting Indian Professor Vasant Wagh (in brown jacket), the two geologists in blue shirts are Steve Baker and Rob Campbell, from left to right. Steve and Rob will be running the Interviews and Resumes – Secrets from the Pros! Session.
